

Curriculum Vitae

Ramakrishnan Sundara Raman

Ann Arbor, Michigan, USA | +1-(734)-353-6994 | ramaks@umich.edu | <https://ramakrishnansr.com>

Research Interests

My research interests lie in the area of Internet security and privacy, with a focus on using Internet measurement methods to detect, analyze and prevent threats to Internet users' security and privacy.

Conference Publications

[1] A Large-scale Investigation into Geodifferences in Mobile Apps

R. Kumar, A. Virkud, **R. Sundara Raman**, A. Prakash, and R. Ensafi

USENIX Security Symposium, August 2022

[2] A Multi-Perspective View of Internet Censorship in Myanmar

R. Padmanabhan, A. Filastò, M. Xynou, **R. Sundara Raman**, K. Middleton, M. Zhang, D. Madory, M. Roberts, and A. Dainotti

ACM SIGCOMM 2021 Workshop on Free and Open Communications on the Internet (FOCI), August 2021

[3] Lost in Transmission: Investigating Filtering of COVID-19 Websites

A. Vyas, **R. Sundara Raman**, N. Ceccio, P. Lutscher, and R. Ensafi

Financial Cryptography and Data Security (FC), March 2021.

[4] Censored Planet: An Internet-wide, Longitudinal Censorship Observatory

R. Sundara Raman, P. Shenoy, K. Kohls, and R. Ensafi

ACM Conference on Computer and Communications Security (CCS), November 2020.

[5] Investigating Large Scale HTTPS Interception in Kazakhstan

R. Sundara Raman, L. Evdokimov, E. Wustrow, A. Halderman, and R. Ensafi

ACM Internet Measurement Conference (IMC), October 2020.

[6] Measuring the Deployment of Network Censorship Filters at Global Scale

R. Sundara Raman, A. Stoll, J. Dalek, R. Ramesh, W. Scott, R. Ensafi

Network and Distributed System Security Symposium (NDSS), February 2020.

[7] Decentralized Control: A Case Study of Russia

R. Ramesh, **R. Sundara Raman**, M. Bernhard, V. Ongkowijaya, L. Evdokimov, A. Edmundson, S. Sprecher, M. Ikram, R. Ensafi

Network and Distributed System Security Symposium (NDSS), February 2020.

Workshop Publications

[1] Improving Usability of Internet Censorship Data through a Censorship Dashboard

R. Sundara Raman and R. Ensafi

15th Workshop on Hot Topics in Privacy Enhancing Technologies (HotPETs), July 2022

Education

PHD CANDIDATE | AUGUST 2018 - PRESENT | UNIVERSITY OF MICHIGAN, ANN ARBOR, USA | SECURITY AND PRIVACY

Focus: Network Security and Privacy, Internet Measurement

Advisor: Dr. Roya Ensafi

Expected Graduation Date: April 2023

My primary research interests surround Internet Security and Privacy. In particular, I am interested in using Internet measurement methods to detect, analyze and prevent large-scale threats to Internet users' security and privacy. My current research involves measuring Internet censorship and network interference at global scale. My work also involves understanding and analyzing the technologies that enable censorship and surveillance. I lead work on the Censored Planet Observatory (<https://censoredplanet.org>), which is a platform for measuring various types of network interference continuously around the world.

CGPA: 3.95

BACHELOR OF TECHNOLOGY | JUNE 2013 - MAY 2017 | VELLORE INSTITUTE OF TECHNOLOGY, VELLORE, INDIA | COMPUTER SCIENCE AND ENGINEERING

Rank in branch: 2 out of 648

CGPA: 9.69

Work Experience

RESEARCH INTERN | JULY 2021 - SEPTEMBER 2022 | CLOUDFLARE INC., NEW YORK, USA

I will be interning with the research team at Cloudflare Inc. in Summer 2022.

OTF SENIOR ICFP FELLOW IN INFORMATION CONTROLS | NOVEMBER 2021 - JUNE 2022 | THE CITIZEN LAB, UNIVERSITY OF TORONTO

As an information control fellow working with the Citizen Lab, my project focuses on identifying the deployments of network devices that perform censorship by using data from Internet measurements.

GRADUATE STUDENT INSTRUCTOR - EECS 588 | AUGUST 2020 - DECEMBER 2020 | UNIVERSITY OF MICHIGAN, ANN ARBOR, USA

I worked as the lead graduate student instructor for EECS 588 - the graduate level computer and network security course in the department. My responsibilities included helping with designing the course and assessments, leading classes in the absence of the instructor, holding office hours, helping students with their course projects, and grading.

Website: <https://www.eecs.umich.edu/courses/eecs588/>

RESEARCH ASSISTANT | AUGUST 2018 - PRESENT | UNIVERSITY OF MICHIGAN, ANN ARBOR, USA

I work as a graduate student research assistant advised by Prof. Roya Ensafi, and my research focuses on problems in Internet Security and Privacy.

ASSOCIATE CONSULTANT | MICROSOFT GLOBAL DELIVERY | JULY 24, 2017 - May 31, 2018

I worked in the Business Applications domain to build Enterprise Systems that can deliver value to large organizations around the world.

RESEARCH INTERN | MARCH 2017 - JULY 2017 | UNIVERSITY OF MARYLAND, COLLEGE PARK, USA | SYSTEMS AND NETWORKING

Focus: Internet Measurement

Advisor: Dr. Neil Spring

As an undergraduate research scholar, I worked in the Systems and Networking lab on a project that involved measuring last-mile residential Internet outages in areas affected by severe weather conditions. I worked with the ThunderPing tool, which uses several distributed vantage points to ping residential IP addresses. My goals at UMD were twofold: to develop a real-time system for detecting and visualizing Internet outages and to categorize detected outages by their potential cause, such as network and power outages. I designed and

built a web-based visualization that uses ThunderPing's probes to detect and display residential outages in real time. My group and I also worked on detecting instances of correlated outages, such as those caused by network and power failure, in the data we had collected.

Poster presented at ACM Internet Measurement Conference 2017: "Measuring Last-Mile Internet Reliability During Severe Weather"

INTERN | MICROSOFT GLOBAL DELIVERY | MAY 30, 2016 – JULY 22, 2016

During my summer internship, I worked as a data analytics consultant. The internship involved a team effort to integrate data analytics into Microsoft's project management tool. The tool was built on ASP.NET and Microsoft's Power BI tool was utilized to make interactive reports that provided valuable insight to the users.

INTERN | OSI CONSULTING PRIVATE LIMITED | JUNE 2015

My summer internship involved training in PL/SQL and Oracle Software with qualified internal employees. Multiple projects and assignments were completed during the period of internship.

Talks

[1] Tech Demo: Exploring Internet censorship with the Censored Planet Dashboard

RightsCon, June 2022

<https://www.rightscon.org/program/>

[2] Symposium Talk: Censored Planet: An Internet-wide, Longitudinal Censorship Observatory

The 5th Annual Data for Public Good Symposium, March 2022

<https://midas.umich.edu/2022-d4pg/research-talks/#research-talks>

[3] Invited Talk: Censored Planet Community Webinar 2021

Censored Planet, October 2021

https://youtu.be/v5G_nUUzVv8

[4] Invited Talk: Censored Planet: An Internet-wide Longitudinal Observatory

NDSS DNS Privacy Workshop (DNSPriv), February 2021.

[5] Conference Talk: Censored Planet: An Internet-wide Longitudinal Observatory

ACM Conference on Computer and Communications Security (CCS), November 2020.

<https://youtu.be/8dwZdNkJ508>

[6] Conference Talk: Investigating Large Scale HTTPS Interception in Kazakhstan

ACM Internet Measurement Conference (IMC), October 2020.

<https://youtu.be/RoYWsfNOCr4>

[7] Invited Talk: Censored Planet: Measuring Internet censorship remotely

OONI Internet Measurement Village (IMV), June 2020

<https://youtu.be/5IgvnR42cMQ>

[8] Conference Talk: Measuring the Deployment of Network Censorship Filters at Global Scale

Network and Distributed System Security Symposium (NDSS), February 2020

Service

SESSION CHAIR AT FOCI '21 | 2021

Served as the session chair for the HTTPS censorship session at the ACM SIGCOMM 2021 Workshop on Free and Open Communications on the Internet (FOCI 21).

Workshop Website: <https://conferences.sigcomm.org/sigcomm/2021/workshop-foci.html>

PC MEMBER AT FOCI '21 | 2021

Served as a technical program committee member for ACM SIGCOMM 2021 Workshop on Free and Open Communications on the Internet (FOCI 21).

OUTREACH CHAIR AT CSEG | JUNE 2020 – MAY 2022

Worked as the Outreach Chair at my department's graduate student organization. My responsibilities included arranging and managing outreach events throughout the year that aimed at spreading knowledge about computer science research in various schools, colleges and groups.

Programming Languages

Golang, Ruby, Python, JavaScript, C, C++, C#
